Information Communication Technology System Maintenance (NSQF) – Shift 1, Unit 1 (Sr. No. 5333) The institute had reviewed the notice issued in 2023 regarding trade units proposed for de-affiliation/deactivation. At that time, the above trade units were not included in the list. Accordingly, we understood that these units were not affected. Subsequently, further notices were issued by the department. Unfortunately, the inclusion of the above trade units in the later notifications did not come to our notice at the relevant time. As a result, we could not submit our representation before the deactivation order was issued. We sincerely regret this oversight and humbly request that our case may kindly be considered. Further, admissions were severely affected during the period from 2019 to 2022 due to the COVID-19 pandemic. In view of the relaxation granted by DGT for affected units, we continued our efforts and admitted trainees in the above trades from the 2023 session onwards. For the current admission session 2026, we have already admitted	consecutive years, subject to the recommendations of the SSDEC of the concerned State. However, the concerned ITI did not avail of the said relaxation within the prescribed period. Accordingly, the concerned trade/unit was de-affiliated vide order dated 17.01.2025. Thereafter, the ITI was provided 60 days' time to submit any grievance against the said de-affiliation. During the stipulated period, approximately 300 grievances were received and considered. The grievances were examined in the meetings of the Grievance Redressal Committee (GRC), and the matter was also discussed at length with the concerned States. After detailed examination and multiple rounds of discussions with the States, a decision was taken on the grievances and the same was communicated/forwarded to the concerned States for necessary action. In view of the above, any grievance submitted after the prescribed period of 60 days, particularly at this stage after more than one and a half years from the date of the de-affiliation order dated 17.01.2025, cannot be considered. Accordingly, the de-affiliation shall remain unchanged, and the grievance shall be disposed of accordingly.

Therefore, it is most respectfully requested that the competent authority may kindly: Reconsider the decision of rejection, and Grant an opportunity for re-inspection of the institute so that the present status of infrastructure, machinery and facilities may be verified. We sincerely hope that the authority will take a sympathetic and

Samaj's ITI, Taharabad was shifted from its old premises to a new location after obtaining the requisite shifting permission from the Government of Maharashtra. 2. Despite obtaining the shifting permission, the institute has not been permitted to admit trainees since 2019. 3. Re-affiliation of the institute has been requested to enable its continued operation from the shifted premises. 5. Permission to admit trainees from the Academic Session 2026 has also been requested.	The case of Nasik Dist. Maratha Vidyaprasarak Samaj Industrial Training Center, Taharabad, Maharashtra (MIS Code: PR27000490) was considered in the 2nd and 3rd SCAA meetings. As decided in the 3rd SCAA meeting, RDSDE, Maharashtra, conducted verification at the shifted location and submitted its report dated 14.07.2022. The institute was not recommended in 5th SCAA meeting dated 16th August to 18th August, 2022 due to deficiencies, including shortage of tools and equipment, non-installation of machinery, deficiencies in the IT Lab, non-availability of LAN/software as per norms, building-related issues, and non-compliance with other prescribed requirements. 28.	Veerabhadra Private ITI MIS Code - PR36000493 Grievance ID - TG/O/1/2026/1745	Telangana	1. The institute was granted affiliation in 2016 for Electrician (2+2+2 units) and Fitter (2+2+2 units). 2. During the 2016 admission session, only one unit in Shift-1 of each trade was filled due to limited time available for admissions. 3. In the 2017 admission session, admissions were made to three units in each trade; however, an incorrect seat matrix was selected. Instead of opting for Shift-1 Unit-2, Shift-2 Unit-2, and Shift-3 Unit-2, admissions were taken against Shift-1 Unit-2, Shift-2 Unit-1, and Shift-2 Unit-2.	Seat matrix is generated based on the number of units affiliated on portal.	Accordingly, the Committee observed that the seat matrix is system-generated based on the affiliation details available on the portal. Therefore, the grievance does not involve any deficiency in the affiliation granted to the institute, and no intervention by the GRC is required in the matter. The grievance is, therefore, disposed of accordingly.

			4. The same seat matrix was inadvertently continued in the subsequent admission sessions. 5. As a result, vacancies are currently reflected for Shift-1 Unit-1, Shift-3 Unit-1, and Shift-3 Unit-2 in the 2026 admission session. Owing to the restriction on admissions in the third shift, the institute is unable to utilise two affiliated units in each trade. 6. It is requested that the seat matrix be corrected to reflect the appropriate units, enabling admissions in Shift-1 Unit-1, Shift-2 Unit-1, and Shift-3 Unit-1 for both Electrician and Fitter trades from the 2026 admission session onwards.
