The Committee further observed that the final recommendation received from the concerned State Directorate, based on the compliance submitted by the institute, was only for 1+1 units in the Electrician trade and 1+1 units in the Fitter trade. Accordingly, the SCAA considered the case based on the recommendation received and restricted the affiliation to 1+1 units in both the trades. The Committee also observed that, as per the applicable DGT guidelines, new units in the Third Shift are permitted only under the Dual System of Training (DST) mode. Since the institute had not submitted the requisite DST MOU/details along with its application, affiliation for the Third Shift units was not granted under the said application. The committee recorded that multiple opportunities had already been extended to the institute, but the requisite machinery was not available for the full capacity claimed in the Electrician trade, and noted that the ITI may apply afresh for additional units. The institute has now overcome its financial constraints and is ready to submit the required Bank Guarantee and undergo physical verification. 7. The institute requested implementation of the Hon'ble High Court's order and permission for physical inspection of Gulab Anjani Choudhri ITC, Gorakhpur (PR09000158) for affiliation of the applied additional units/trades. Grievance Committee Detail Grievance of the complainant was placed in the 7th GRC meeting dated.25.03.2026. The Grievance committee decision is given below: The matter was placed before the 10th SCAA, which did not recommend the trades/units sought by the ITI in light of the institute's refusal of the affiliation offer. The ITI holds affiliation for the following Trade Shift Units (TSUs): Electrician – 6 (2+2+2) and Fitter – 5 (2+2+1). The 3rd shift (1 unit) of the Fitter trade was de-affiliated vide DGT Order dated 17.01.2025 on account of zero admissions. the Grievance Redressal Committee (GRC) has resolved to treat the matter as closed.	The Committee further noted that the ITI itself, vide its communication dated 08.05.2023, expressed its inability/refusal to proceed with the scheduled inspection, citing financial constraints and its inability to furnish the required Bank Guarantee at that stage. The Committee observed that the matter was thereafter placed before the 10th SCAA Meeting held on 16.06.2023. In view of the fact that the ITI had not proceeded with the prescribed inspection process and had declined to proceed with the affiliation process at the relevant time, the SCAA did not recommend the ITI for affiliation for the additional trades/units sought. In view of the above, the Committee found no grounds for reopening the earlier SCAA decision in respect of the application considered at that time. ITI may apply afresh for affiliation for the additional units/trades through the prescribed Affiliation Portal, subject to fulfilment of the applicable Affiliation Norms, The fresh application, if submitted, shall be considered on its merits in accordance with the prevailing Affiliation Norms and prescribed procedure. Accordingly, the appeal is disposed of with the above observations.

The facts mentioned by the complainant in his grievance are given below: 1. The petitioner, Gazi Pvt. ITI, challenged the DGT de-affiliation order. 2. The ITI submitted that, pursuant to the Show-Cause Notice dated 05.01.2023 regarding deficiencies observed during inspection, all necessary deficiencies were rectified by the institute. 3. The ITI further stated that the compliance reports were duly prepared and submitted through the concerned State Directorate. 4. Despite submission of the compliance reports and rectification of the deficiencies, the ITI's units/shifts were de-affiliated. 5. The petitioner contended that the de-affiliation was carried out without providing adequate opportunity to the institute to present its case or granting a personal hearing. 6. Further, the petitioner is silent regarding the commercial activities and the major deficiencies in the trades. Merely attaching photographs and the attendance sheets does not establish that the petitioner ITI was in compliance with the prescribed norms. Reference is also placed on the observations of the Hon'ble Court in paragraph 6 of the judgment dated 16.10.2025, wherein it was noted that, although the petitioners initially challenged the inspection findings, alleged denial of opportunity of hearing, and defects in the constitution of the inspection committee, they ultimately confined their submissions to seeking permission for existing students to complete their course, while undertaking to apply afresh for affiliation before admitting new students.	appellant and the decision of the 23rd SCAA, the Appellate Committee did not find any new material, substantive ground or procedural infirmity warranting reconsideration of the earlier decision of the SCAA. The request of the appellant for quashing of the de-affiliation order dated 29.08.2025 and restoration of affiliation is not accepted. The institute has requested that its De-Affiliation be cancelled immediately and that the institute be re-affiliated/reinstated. 2. The institute has requested that the third Joint Inspection be cancelled or one opportunity be provided to rectify the deficiencies/shortcomings pointed out during the Joint Inspection.	notwithstanding the adequate time and repeated opportunities afforded to the ITI for rectification. The continued failure of the ITI to comply with the prescribed Affiliation Norms, 2018 reflects a lack of due diligence in ensuring proper compliance and functioning of the Institute. Such non-compliance has a direct bearing on the quality of training imparted and may adversely affect the training and future prospects of the trainees, thereby undermining their interests and well-being. 3. The Appellate Committee also observed that, in the appeal raised against the decision of the 22nd SCAA and in support of the grounds raised therein, the ITI has not submitted any new, substantial or material facts/evidence which could warrant reconsideration or alteration of the decision already taken by the 22nd SCAA. The grounds raised in the appeal do not satisfactorily rebut the deficiencies recorded in the de-affiliation order or the findings subsequently confirmed during the inspection conducted on 06.03.2025. 4. After considering the submissions of the ITI, the grounds raised in the appeal, the grievance proceedings, the inspection findings and the decision of the 22nd SCAA, the Appellate Committee found no sufficient ground to reconsider /alter the decision taken by the 22nd SCAA.
